SUMMARY

Experienced Full Stack Developer with over 2 years of hands-on internship experience in MERN Stack, proficient in Node.js, and skilled in leveraging Java for creative problem-solving. Possessing multiple certifications in diverse IT domains, I showcase expertise in web development and software engineering. Recognized as a collaborative team player, I am known for delivering high-quality code, demonstrating strong problem-solving acumen, and effective communication skills. Eagerly committed to staying ahead of the curve by embracing cutting-edge technologies.

EXPERIENCE

Technical Trainer

ByteXL

March 2024 - Present, Vadodara

• I have joined ByteXL as a technical trainer for the ME(A)RN Stack at Parul University in Vadodara, Gujarat.

Course Instructor

Udemy

March 2023 - Present

• Experienced Udemy course instructor renowned for designing and publishing engaging courses on popular topics like "Form Handling in React JS" and "To-Do Application Using MERN Stack with Light and Dark Mode," garnering consistently positive reviews and ratings from students.

Software Trainee

Ducat India

April 2022 - October 2022, Noida

• Launched "StyleBeats" e-commerce platform with React, Node, Express, Strapi, and Stripe, showcasing problem-solving skills and commitment during a 7-month internship at Ducat India.

Frontend Development Intern

TCS Ion

July 2022 - September 2022

• Designed engaging landing page for TCS iON with HTML/CSS and contributed to MERN Stack-based Examination Portal development, focusing on React frontend for enhanced user interaction, ensuring high-performance, secure results through seamless team collaboration.

PROJECTS

Webzene - Blogs sharing web application

Personal project • July 2023 - July 2023

• Developed a dynamic Blogs sharing web app with React JS, Node.js, Express.js, and MongoDB. Implemented secure user authentication and utilized MongoDB for efficient data storage, ensuring a seamless user experience.

ShareBuzz

Personal project • June 2023 - July 2023

• Developed a MERN stack social media application with user authentication, enabling users to connect, share posts, and engage with each other by liking and commenting on posts.
• Implemented features for making friends, facilitating seamless social interactions, and providing a dynamic and interactive user experience.
